GRANIPLAST

RIVESTIMENTO DECORATIVO A BASE DI GRANIGLIE DI MARMO NATURALI
DECORATIVE COATING BASED ON NATURAL MARBLE CHIPS

Graniplast è un rivestimento decorativo acrilico a spatola, a base di granuli selezionati di marmo naturale italiano. È adatto a tutte le superfici murali interne ed esterne, inclusi intonaci cementizi, malte a base di calce e cemento, intonaci in gesso e pannelli per pareti. Grazie al legante acrilico, offre un'elevata resistenza agli agenti atmosferici aggressivi e protegge efficacemente dall'infiltrazione dell'acqua. Facile da applicare e caratterizza- to da un'eccellente adesione, unisce l'eleganza del marmo naturale a elevate prestazioni tecniche, rendendolo una soluzione ideale per la protezione e la valorizzazione estetica di facciate e superfici interne.

Graniplast is a decorative acrylic-based coating applied by trowel, containing carefully graded natural Italian marble chips. It is suitable for all types of interior and exterior wall surfaces, including cement renders, lime-cement mortars, gypsum plaster, and wall boards. The acrylic binder enhances resistance to acidic gases in the atmosphere while also providing effective protection against water penetration. Easy to apply and offering excellent adhesion, Graniplast combines the elegance of natural marble with high-performance durability, making it an ideal choice for both the protection and decoration of external façades and interior walls.

Consumo/Resa (ciclo): 4,5 kg/m2 - Consumption/Yield (product cycle): 4,5 kg/m2

CERAMITZ

RIVESTIMENTO A BASE DI SABBIE DI QUARZO COLORATO
CONTINUOUS WALL COATING BASED ON COLORED QUARTZ SANDS

Ceramitz è un rivestimento decorativo acrilico a spruzzo, a base di sabbie di quarzo colorate, ideale per qualsiasi superficie murale interna ed esterna. Particolarmente indicato in ambienti che richiedono un'elevata resistenza all'abrasione, agli urti e a condizioni climatiche estreme, offre una finitura opaca naturale che riproduce l'effetto della pietra. Perfetto per la protezione e la valorizzazione estetica di facciate e interni, garantisce una difesa efficace dall'umidità senza compromettere la traspirabilità del supporto.

Ceramitz is a decorative acrylic spray coating enriched with colored quartz sands, designed for all types of interior and exterior wall surfaces. Highly resistant to abrasion, impact, and extreme weather conditions, it features a natural matte finish that beautifully replicates the look of stone. Ideal for both protecting and enhancing façades and interior spaces, it provides effective moisture resistance while maintaining the breathability of the substrate.

Consumo/Resa (ciclo): 2,5 – 3 kg/m2 - Consumption/Yield (product cycle): 2,5 – 3 kg/m2
